A. B. S. HOUSING/BEZEL

American Technology Components has developed a new contoured Headphone Hanger exclusively to compliment our line of audio headphones.

These hangers were designed with a unique slot to hold the headphones flush to the wall and out of the way.

This design also allows for easy removal and replacement of the headphone while securely holding it in place.

The hanger also has a storage hole in which to plug the audio jack and keep cord sets off the floor.

Units are available in black molded ABS for O.E.M. quality and are in stock now!

ASK ABOUT OUR HIGH-FIDELITY VOLUME CONTROL HEADPHONES TO COMPLETE THE INSTALLATION!
